

Sharing the Holiday Spirit with our Community

The Christmas holidays are meant to be a time of joy and happiness for everyone, especially the children. This year all the members of the Henry Poor Lumber and Flooring Express teams went all out to try and make Christmas special for a number of families in our community.

Each year the Salvation Army collects toys and gifts as part of its Angel Tree Gift program. This program takes requests from local Lafayette families who need assistance in providing for their families. Individuals then purchase those gifts and drop them off at the Salvation Army.

When Breyanna Turner checked with their contact at the Salvation Army, she learned that each year the requests for bikes al-

ways exceeded the number available. So the HP/FE team decided to take on the challenge of raising money and buying as many bicycles of all sizes as they could. Through the generosity of the HP/FE team they delivered 21 bicycles and 3 full boxes of toys.

In another Angel Tree project the HP/FE team signed up to fill the Christmas lists of 10 children. This included clothes, shoes and toys. As each item got checked off the lists, the excitement grew as individuals purchased the remaining items and several others wrapped them.

Breyanna Turner stated, "It was incredible to see everyone in-

involved and contributing. We got everything on the lists and I am sure we made some children very happy."

Jay Andrew concluded, "It made me very proud to see the effort and level of compassion our team put forward to help others."

Flooring Express Adds New Team Members

Flooring Express has added two new experienced members to their team. They are Brian Curwick as Installation Manager for new construction and commercial business, and Diana Michel as a sales associate.

Brian has been installing flooring for the past 27 years and has

worked closely with FE's Brian Whitus when they were partners at B&B Flooring.

Diana will help customers as they arrive at Flooring Express. Her previous experience came as she assisted her father installing ceramic tile, LVT and other types of flooring.

20% OFF Heat & Glo Fireplaces & Inserts (Offer Good Thru 2-28-17)

Newly Remodeled Showroom ... Hot Spot to Be

On display are traditional, classic and modern fireplace designs.

Looking for a way to enhance the appearance and comfort of your favorite room? Replacing an old fireplace or installing a new gas fireplace from Heat & Glo will add to the comfort and value of your home.

Henry Poor Lumber has remodeled its fireplace display area to include today's most popular fireplace designs including tradi-

tional, classic and modern styles. We now have 11 new fully operational fireplace units on display at HPLC.

According to fireplace specialist Chuck Mooney, Henry Poor can supply the fireplace insert, mantel and finishing materials to create the dramatic look you want. Chuck commented, "The displays we have show a wide range

of options and we have a great selection of finishes and mantels to choose from. Our displays will give our customers some great ideas on what they can do in their own homes."

We invite anyone interested in upgrading or adding a fireplace to come check out our displays. There is sure to be a model that fits your home's décor.

Tony Vent To Lead Cabinet Department

Tony Vent joined Henry Poor in August 2016 as the Cabinet Department Manager. Tony noted, "Everyone at Henry Poor is very helpful and knowledgeable. This

Tony Vent

has been in the kitchen and bath design and supply field for over 30 years. For 11

years he owned a kitchen and bath business in Kokomo before moving to another Kokomo area building material supplier to start a kitchen and bath department for them.

Since arriving at Henry Poor Lumber, Tony has been working to update the cabinet and countertop displays and familiarize himself with the product lines Henry Poor carries. He also oversees jobs that have been sold, makes customer service calls, and does kitchen and bath design work for current and new customers.

His goal is to make Henry Poor Lumber the first place people think of when someone wants a new kitchen or bathroom. Tony's approach is to educate the customer on their choices and be an ongoing resource to them.

Tony resides in Kokomo with his wife, Becki. They have a 13 year old daughter who is still at home, and three older children who are out on their own. Always ready to take on a DIY project, Tony enjoys doing home improvement projects and some woodworking when he has spare time.

Tony has made for an easy transition into my new role."
