

BUILD WITH THE BEST, ONLY FROM LP® BUILDING PRODUCTS

LP SOLIDSTART® ENGINEERED WOOD PRODUCTS

An ideal product for a wide variety of residential construction uses, including headers and beams, wall studs, truss chords, rim board and stair stringers, LP® SolidStart® LSL outperforms dimensional lumber and is a more environmentally responsible product. Its enhanced strength offers greater design flexibility, plus the product is backed by a Lifetime Limited Warranty.

LP TOPNOTCH® SUB-FLOORING

Engineered specifically for sub-flooring applications, LP® TopNotch® Sub-Flooring products feature our patented RainChannel™ self-draining notch system that protects against moisture absorption and edge swell. Available in three performance solutions, LP TopNotch products are backed by up to a 200-Day No-Sand Warranty and up to a 50-Year Transferable Limited Warranty.

LP CANEXEL® PREFINISHED SIDING

Available in 15 beautiful, nature-inspired colors, LP® CanExel® products combine all the advantages of engineered wood with the advantages of prefinished materials. Five layers of baked-on paint and sealer ensure years of enduring beauty.

LP SMARTSIDE® TRIM & SIDING

LP® SmartSide® Trim & Siding products deliver the beauty of cedar, plus the durability and workability of engineered wood. All LP SmartSide products, including fascia, soffit, lap and panel offerings, are manufactured with our proprietary SmartGuard® process to help protect against fungal decay and termites; and they are backed by an industry-leading 5/50-Year Transferable Limited Warranty.

LP TECHSHIELD® RADIANT BARRIER

The original and #1 brand of radiant barrier sheathing, LP® TechShield® Radiant Barrier Sheathing helps block radiant heat from entering the attic, lowering energy costs. It installs just like regular roof sheathing, and our patented VaporVents™ technology allows it to dry more quickly from construction moisture than other radiant barriers.

GET WITH THE PROGRAM

If you've worked with LP Building Products in the past, you already know: when we say we're committed to supporting your efforts and growing your success, we mean it. Our 2010 LP Builder's Advantage Program rewards your use of LP products with rebates that help you build a stronger bottom line while posting stronger sales.

And if you're a first-time customer? You'll soon discover that it doesn't take long to turn top-quality products and support to your advantage. Not when you Build With Us.

HOW THE REBATE PROGRAM WORKS:

- ▶ 1. Select LP products based on your market preferences and needs (roofs, walls and floors).
- ▶ 2. Follow LP installation instructions and recommendations. We offer free technical and installation support in three easy ways: toll-free number (888.820.0325), e-mail (Marketing.Center@LPCorp.com), and through our field sales staff.
- ▶ 3. Agree to allow random audits of your homes by LP personnel to ensure compliance with the program.

BUILDING STRONG RELATIONSHIPS FROM THE GROUND UP

LP BUILDING PRODUCTS CREATES UNIQUE AND VALUABLE LASTING RELATIONSHIPS WITH OUR CUSTOMERS, WHO RELY ON US FOR OUR CONSISTENT QUALITY AND SERVICE. BASED ON OUR UNDERSTANDING OF BUILDERS' NEEDS, WE ENGINEER MATERIALS THAT PERFORM BETTER AND LAST LONGER SO BUILDERS CAN BUILD GREAT HOMES.

LP® FLOOR SYSTEM

All the components in the LP® Floor System are designed to work together:

LP® SOLIDSTART® I-JOISTS

Start straight and stay straight—more uniform in strength, stiffness and size than traditional lumber...and less likely to warp, shrink or twist.

LP® SOLIDSTART® LAMINATED STRAND LUMBER (LSL)

Offers consistency and design flexibility for longer spans with increased depths and lengths.

LP® SOLIDSTART® LAMINATED VENEER LUMBER (LVL)

Delivers greater load-carrying capacity, enhanced durability and reduced shrinkage.

LP® SOLIDSTART® RIM BOARD

An integral part of the framing package—precision-cut to match the depth of LP® SolidStart® I-Joists.

LP® TOPNOTCH® SUB-FLOORING

The only sub-flooring with a built-in self-draining system, LP® TopNotch® products use our patented notch system to keep rainwater from collecting on the surface so you can build in all kinds of weather.

* Not all products qualify for rebate.

WALLS

LP® SMARTSIDE® TRIM & SIDING

Offers the beauty of cedar with the advantages of engineered wood, plus the incredible protection of our proprietary SmartGuard® process.

LP® CANEXEL® PREFINISHED SIDING

Combines the strengths of engineered wood with the advantages of a prefinished product. Available in 15 beautiful, nature-inspired colors.

LP® SOLIDSTART® LAMINATED STRAND LUMBER (LSL)

Provides design flexibility and consistency in wall framing, window and door headers applications.

LP® SOLIDSTART® LAMINATED VENEER LUMBER (LVL)

Delivers greater load-carrying capacity in wall framing, window and door header applications.

ROOFS

LP® TECHSHIELD® RADIANT BARRIER SHEATHING

Made with our patented OSB and foil design to block up to 97% of the radiant heat in the panel from entering the attic. Helps reduce monthly energy bills by up to 17%. It installs like conventional roof sheathing so there are no additional costs to install.

LP® SOLIDSTART® I-JOISTS

Deliver strength and uniformity that make them ideal for roof framing and cathedral ceilings.

LP® SOLIDSTART® LAMINATED STRAND LUMBER (LSL)

Offers consistency and various span options for roof framing, roof rafters and load-carrying beams.

LP® SOLIDSTART® LAMINATED VENEER LUMBER (LVL)

Delivers greater load-carrying capacity in roof framing, roof rafters and beams.

ONE-STOP SHOPPING, OUTSTANDING REBATES.

Avoid the hassle of dealing with multiple manufacturers. LP® Building Products has everything you need for floors, walls and roofs...plus exceptional rebates.

To get the savings started, just complete the enrollment form, taxpayer ID and other enclosed forms and give them to your LP sales representative.
